Central Bank Supports Harbor Crest Home

Central Bank Fulton recently donated \$500.00 towards the "Wish List" at Harbor Crest Home in Fulton. Harbor Crest has a fund drive currently underway towards the leasing of a handicapped bus for residents.

The bus would provide transportation for activity outings, doctor appointments, scenic trips and more. Harbor Crest Home is a non-profit organization governed by nine local Fulton churches. Built in 1964, the home was the vision of twenty-four prominent business leaders who saw a demand for much needed nursing home care within the Fulton community.

Individuals and businesses wishing to contribute towards the handicapped bus project for Harbor Crest residents may send their donation to Harbor Crest Home, 817 17th Street, Fulton, IL 61252.
