DETAILS: CALL YOUR CLASSIC CLUB DIRECTOR AMBER THOMAS - 309-944-1635

Day One – Friday September 10**Halifax, Nova Scotia**

Welcome to Nova Scotia! Arrive in Nova Scotia's seaport capital, **Halifax**. The heart of Halifax is perfect for exploring, with tree-lined streets, international restaurants, sidewalk cafes, galleries and museums. The world's second largest natural harbor creates a wonderful backdrop to spend some free time, while watching ships from every corner of the globe. We will be arriving late this evening and will have enjoyed dinner on our own en route to Nova Scotia.

Day Two – Saturday September 11:**Halifax****(B, D)**

We will enjoy a leisurely **breakfast** in the hotel this morning. We will visit **Peggy's Cove** where the graceful lighthouse sits high upon the smooth wave-worn granite of the coast. The tiny harbor below the lighthouse is a masterpiece of seasoned fish sheds and colorful fishing boats, making it one of the most photographed places in Canada. Enjoy lunch in Peggy's Cove on our own before returning to Halifax for more touring during a city highlights tour and discover why it is one of the most unique and captivating cities in North America. Discover Halifax treasures such as **Historic Properties** and the fabulous **Maritime Museum** where you will be introduced to the history of Halifax and all of the Maritimes. We will also visit the **Fairlawn Cemetery** where the victims of the Titanic disaster lay buried. We will enjoy a **dinner** together in Halifax tonight.

Day Three – Sunday September 12:**Prince Edward Island****(B, D)**

Following **breakfast** at the hotel, today we will depart Nova Scotia for Prince Edward Island. We will take the ferry across the Northumberland Strait, which has the warmest waters north of Virginia. Once we arrive on PEI, we will head into **Charlottetown** for an afternoon tour. You will learn what makes this capital city such a historic gem. We'll see why it's also a vibrant urban centre that dances to a beat all its own. Canada was born (or perhaps more accurately, was conceived) here when the Fathers of Confederation met at Province House in 1864 to plot out the creation of Canada. **Dinner** is included this evening.

Day Four – Monday September 13:**Prince Edward Island****(CB, L)**

Today, after **breakfast**, we will enjoy a full day on this delightful island experiencing all the things residents and visitors alike find so endearing. We will enjoy "Anne's Land," including a visit to the **Prince Edward Island Preserve Company**, one of the most popular stops in Prince Edward Island, the beautiful setting alone will impress you. We will have **lunch** included at the Preserve company. Over the last century, millions of readers from around the world have come to know and love **Anne of Green Gables™**, and Prince Edward Island is where devotees come to celebrate her. The region is a spectacular piece of Prince Edward Island's acclaimed scenic landscape composed of red sandstone cliffs, white sand beaches and rolling farm fields. Some of the classic coastline has been protected in the **PEI National Park** which hugs the central north shore. Dinner will be on our own this evening.

Day Five – Tuesday September 14:**Moncton, Acadian Coast (CB, Lobster Lunch Cruise)**

Following **breakfast** this morning we will cross the incredible **Confederation Bridge**, which spans 9 miles of the Northumberland Strait and connects PEI to New Brunswick. Once in New Brunswick, we will spend the day along the Acadian Coast from Shediac to Bouctouche where the French culture is alive and well and we will experience it at **Le Pays de la Sagouine**, which is a recreated Acadian Village and tells the story of an Acadian washerwoman and her life in early Acadian times. We will also visit the fabulous **Dunes of Bouctouche** an Irving Eco-Centre preserve along the shore. We will then head to the **resort town of Shediac**, New Brunswick, "*lobster capital of the world*". Group photo opportunity with the largest lobster in the world! Our friends at **Shediac Bay Cruises** will take us on a memorable 2 ½ hour **lobster lunch educational cruise**. "**Lobstertales**," as they are locally known, offers the most experiential and educational lobster stop anywhere! Get up close and personal with Captain Ron Cormier, help the crew pull in traps, hear the history and significance of lobster fishing in the region, then learn how to cook, crack and eat your lobster – the New Brunswick way! (BBQ chicken and vegetarian substitutes offered). We will check into our hotel in Moncton for two nights.

Day Six – Wednesday September 15:**Moncton, Bay of Fundy****(CB, D&E)**

Following breakfast, we will tour the town of Moncton. Then it is on to one of the greatest highlights of the entire tour and the Maritime's most famous geological feature – **The Hopewell Rocks**, in the **Bay of Fundy**, only a 40-minute drive from the downtown Moncton. We will enjoy lunch on our own at Hopewell Rocks. Here you will walk on the ocean floor at low tide, and learn about the region's natural history. Today's visit is during low tide and you'll sure discover why it was voted one of the two North American finalists in a global competition to choose the world's top natural wonders, in good company with the Grand Canyon! This is fitting, as the **100 billion tons of sea water** that flow in and out of the Bay of Fundy twice a day, every day of the year, and rise an incredible 48 feet, could fill the Grand Canyon! Tonight, we will have dinner in Moncton at the quaint **Magnetic Hill Winery** with a wine tasting and a local "Kitchen Party" – a great celebration of food and music.

Day Seven – Thursday September 16:**Halifax****(CB, D)**

After a leisurely morning we will depart New Brunswick and make our way back to Nova Scotia for our final night in Halifax. En route we will visit the **Tidal Bore** in Truro, Nova Scotia. A tidal bore is a rare natural phenomenon occurring on several rivers emptying into the Bay of Fundy. The surge of the incoming Fundy tide temporarily reverses the flow of these rivers and appears as a crest of water traveling upriver. When we arrive in Halifax, we will visit the **Halifax Public Gardens** and this evening we will enjoy our **final dinner**.

Day Eight – Friday September 17:**Departure Home****(B)**

This morning, following breakfast, we will make our way back to the airport and our flights home taking with us many fond memories of the World Next Door.
