PERSONAL BANKER'S CORNER

My name is Julia McMeekan and I am a Personal Banker working at the Main Bank in Geneseo. I've lived in Geneseo for the past few years and in January will be celebrating my one year work anniversary with Central Bank.

I can tell you first-hand that as a financial institution, Central Bank strives to put our customers first. The changes brought on by the pandemic only fueled our passion in creating the best customer experience. One solution we implemented was to create an online account opening process that is safe and convenient.

We know that our personal touch is one of the many great things you love about us, but we also know that you would rather spend time celebrating with your loved ones, watching the big game, or binge watching your favorite shows. For those days you now have the option to open an account on line and our account opening platform is designed to get you moving.

You will find this account opening platform on our website. You can apply for a checking account and or a savings account and can choose the services that best suit your needs. You enter your personal information that is then verified by a personal banker. We are still providing you with that same personal touch, but you're saving yourself a trip to the bank. Central Bank hopes that you find this new and convenient way to open accounts on line to be useful. The personal Bankers at Central Bank are there to answer any questions you might have.

Stop in and see us in the New Year,
Julia McMeekan

CENTRAL *Classic Club*

Hello Classic Club,

This is the time of the year to have great expectations, a time to set goals for yourself as you look forward to the year ahead. Classic Club sets our sights on providing opportunities for travel and gatherings that are exciting and encouraging to look forward to in the coming months.

Our 2021 travel year has been good as we have successfully managed five extended tours! These tours were enjoyed by many club members. The regulations for the pandemic changed with each trip, however we navigated these while keeping our members safety a priority. Companionship and the love that group travel brings won over the negatives that this pandemic has brought our way. We are looking forward to future travels this year!

Our 2022 calendar of events and travel is now set up in a way to move forward. In the coming year we have created a calendar that includes movie days and day tours for your enjoyment. Let's begin to gather and explore new and exciting places with Classic Club! Our upcoming extended travel opportunities still have room for you! Call us for more details about these tours and their availability.

Let's reflect on the blessing of the past year and focus on the future memories and moments that can be made in our new year! Classic Club hopes to be a part of making new memories with you.
