# BANKER'S CORNER

---

At Central Bank Illinois, we are committed to providing you with the tools and resources to help you identify and prevent fraud. Here are some indicators that it's a scam!

Scammers pretend to be from an organization you know. Scammers are tricky, so it is important to stay aware! Scammers say there's a problem or prize. Be cautious if there is a prize to claim, especially if it seems too good to be true!

Scammers pressure you to act immediately. Scammers want you to act fast with little time for consideration. When in doubt, contact someone you trust. Scammers tell you to pay in a specific way! It's important to stay educated and know what to look for when it comes to scams!

For more information about fraud and scams, check out the Resource Center on our website at [central-bank.com](http://central-bank.com) or contact your local Central Bank Illinois branch to talk to a Personal Banker!
