

CENTRAL Classic Club

\$79
per Person

*Barn & Buttons, Bees & Butterflies
Mamma Mia Restaurant & More*

*Muscatine IA
April 17, 2019*

Join Classic Club this April as we take an adventure to Muscatine Iowa. Our journey begins at the Environmental Learning Center for "Bees, Wasps and Butterflies Oh My!!" The program will teach us about the pollinators that make their homes in backyards across America and why they are so important in our daily lives. Next, we'll travel to "The Old Barn" to learn and experience agricultural heritage and history of the Muscatine area. An Italian lunch awaits us along the river at Mamma Mia's. Our afternoon begins at the History and Industry Center to hear about how Muscatine is the Pearl Button Capital of the World, how the buttons were once made and also enjoy interactive exhibits that proudly show other humble entrepreneurial beginnings that have evolved to world prominence in the 21st Century. The tour continues at the Art Center for a guided tour, with time to explore the Laura Musser Mansion - one of the finest houses in Muscatine - rich in history and fun artifacts. Our final stop for the day will be The Little Red Hen which houses quilting supplies and other little treasures. There will be time to shop, relax and indulge in a sweet treat with your Classic Club friends. Make your reservations to come along with us for this unique day tour, planned especially for Central Classic Club!
