Stay close to home with Classic Club on this day out to Starved Rock Country. Enjoy a day filled with history, beautiful gardens, architecture, mule-drawn canal boat ride, and so much more! We will be taking a step back in time as we visit the Reddick Mansion, site of the first Lincoln-Douglas Debate, and the unique English-style Weber House and Gardens. Lunch will be at the surprisingly posh Uptown Grill with polished American cuisine. After lunch, we are off to the Lock 16 Visitor Center and onto the I&M Canal Boat cruise aboard *Volunteer*, a mule-pulled 1840's replica canal boat. "Larry" will lead us gently up the canal to the Little Vermillion aqueduct and back. Be sure to bring your camera along to show your family and friends the stunning nature pictures you'll take on this historic journey. Our time together winds down at the end of the day at August Hill Winery where we will experience this family-ran winery's passion for creating handcrafted wines. In the tasting room, we'll be able to partake in samples of the fruit of the vine's spirits and appetizers and doing a little shopping.

We want you to SpRiNg into action to reserve your place on this great, "close to home" getaway! Tours fill fast, so call or stop in to your local Central Bank office and get a ticket to join us on May 16, 2019.
