

## **\$5.00 Jeans Add Up for Central Bank**

Central Bank Illinois began its Denim Dollar Day in 2005, and since that time has donated over **\$29,300.00** to local non-profit organizations. On the last Friday of every month, employees in the Geneseo & Fulton markets may wear jeans to work in exchange for a \$5.00 donation towards a good cause.

Annually, employees nominate worthy organizations and/or non-profits to benefit from the bank's Denim Dollar Day. Denim Dollar Day is a monthly event allowing the staff to participate in an affordable program having a large impact over time. Central Bank and the entire staff believe strongly in giving back to the communities we serve.
